English

About Me

Highly motivated Computer Science Graduate with a passion for developing innovative software solutions. Proficient in various programming languages including C, JavaScript and Java, with experience in developing web and mobile applications, designing databases, and debugging software. Collaborative team player with a proven track record of delivering high-quality work and achieving exceptional results.

Internships

NeST Cyber Campus

1 month
Machine Learning

Education

Rajagiri School of Engineering & Technology

2020 - 2024

Bachelor of Technology in Computer Science

P T M H S School

2014 - 2019

Class X - 94.35%

Class XII - 83.33%

Skills

Development Skills

C	HTML & CSS
Python	SQL
JavaScript	React
Git Version Control	Android Studio

Projects

Bus-Ti

Developed a bus ticket automation mobile application using Flutter and Firebase. The app features two sections, a conductor side for managing tickets and a passenger side for booking and accessing tickets.

Land-Blocks

Developed a blockchain-based land registry web application using ReactJS for the front-end and MongoDB for the back-end. The app has three sections: buyer, seller, and government authority for authorizing land property records provided by the seller. The cryptocurrency used is Ethereum.
